PRIDE

Pride is a feeling before it's a schedule.

**It's the moment you step into the street
and realize you're not alone.**

It's loud. It's soft. It's messy. It's beautiful.

**It's dancing with strangers and locking
eyes with someone who just gets it.**

It's joy that was fought for.

It's visibility that still matters.

This weekend, take it all in.

**Be exactly who you are —
and a little louder.**

*Wishing you a
beautiful and
safe Pride*

2026 MAJOR CULTURAL EVENTS

PRIDE WEEKEND HOROSCOPE

Aries - You came to lead the night. Just don't drag everyone to your fourth "one last stop."

Taurus - You want comfort and chaos at the same time. Pick a good outfit and commit.

Gemini - You will start three conversations, disappear, and somehow end up in a new group chat.

Cancer - You're here for feelings. Try not to fall in love before Sunday.

Leo - Main character energy is not optional. You will be seen.

Virgo - You planned everything. None of it will go according to plan. You'll still have the best time.

Libra - Flirting is your cardio this weekend. Stay hydrated.

Scorpio - You said you were going out "for one drink." That was a lie.

Sagittarius - You're going somewhere unexpected. Lean into it.

Capricorn - You will pretend to be responsible. No one believes you.

Aquarius - You're observing everything — and secretly loving it.

Pisces - You're romanticizing the entire weekend. Honestly, keep doing that.

FIRST NIGHT ENERGY: Ease Into Pride

Start slow

You don't need to hit everything tonight — let the weekend unfold naturally.

Walk the Village early

Before it fills up, before it gets loud, take in the feeling of Pride arriving.

People are finding their groove

No one's at full speed yet — and that's the magic of Thursday.

Pick one thing

Not five. Not ten. Just one good moment to begin the weekend right.

The streets start to come alive

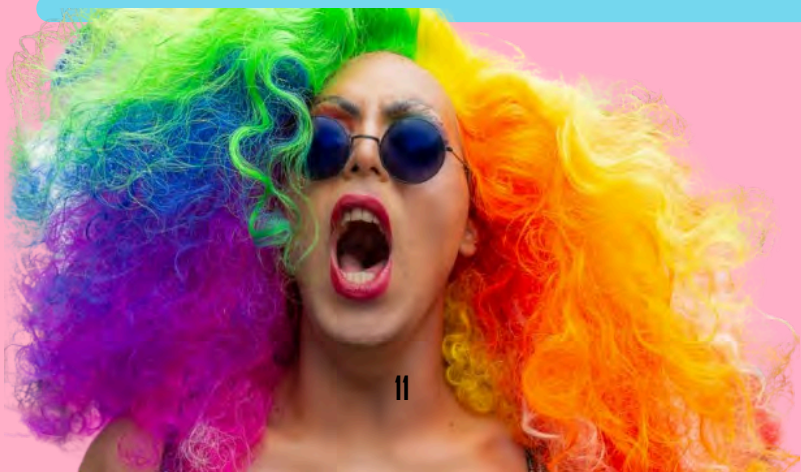

Watch the energy shift right in front of you as patios fill and music spills outside.

Find your people

Even if it's just one conversation, one smile, or one familiar face.

You'll stay out longer than planned

You always do.

TAKE A BEAT

Water first

It fixes more than you think.

Check in with your people

A quick message can ground you.

Step out for a minute

You're allowed to pause — even in the middle of it all.

Sit somewhere, anywhere

Even five minutes changes everything.

Come back when ready

The night will still be waiting.
